

GREEN BENEFITS

MISSION STATEMENT

In our role as the primary resource for employees, Human Resources strives to enlighten, empower, and educate the community to achieve the University's sustainability vision. Yale embraces a work culture in which sustainability is integrated throughout each employee's experience at the University and provides opportunities for all to contribute to its social, environmental, and financial excellence.

CONNECTION TO SUSTAINABILITY

Yale's Green Employee Benefits support a healthy Yale and a healthy planet.

ECO-FRIENDLY PRODUCTS

Discounts on environmentally-friendly products and services through the YaleAdvantages employee discount program on Workday include:

- Solar - Go solar and save on your monthly electricity bills with Sunpower. Yale faculty and staff qualify for a rebate up to \$1,000 when purchasing or leasing a home solar system.
- Computers - Receive discounts on select EPEAT certified computers from Dell, Lenovo, or Apple.

SAVINGS AND RESOURCES

Commuter savings, resources, and freebies:

- Green commuting options include paying for public transportation or vanpool expenses with pre-tax money, free commute consultations by CT Rides on the most sustainable way to get to work, and rewards for sustainable commuting through CTrides Commuter Rewards. Some staff members are also eligible for flexible work arrangements. Visit to.yale.edu for more information.
- Yale Homebuyer participants can take advantage of an easy commuting distance – most neighborhoods are within walking distance of campus or a free Yale shuttle ride.
- Take Environmental Health & Safety's free Bicycle Safety Training Course and receive a free helmet.

HEALTHY LIFESTYLE

- Receive 10% off fresh, healthy food when you use Eli Bucks in most Yale Dining locations. During the summer, Yale community members can buy fresh produce and at reasonable prices at the Uncommon Market.
- New Haven residents can request a free tree planting in front of their home through Yale's URI
- Tobacco-free campus
- Attend events to learn from experts to expand your knowledge of sustainability and get to know others in the Yale community.
